System Support Graduate | Data Engineer | Web Developer

Johannesburg, South Africa | admin@technospeak.co.za

<https://techno-speak.jnb1a.cloudlet.cloud/>

GRADUATE PROFILE

Motivated System Support Graduate with NQF5 certification from Velisa Academy (2025) and NQF5 Data Engineering from Explore Data Science Academy (2023). I am building my early career in IT support and digital solutions, with hands-on experience from founding YES TECH FIN while studying and supporting clients through Technospeak.

GRADUATE EXPERIENCE

Founder - YES TECH FIN

2025 - Present

Founded YES TECH FIN while doing my NQF5 System Support at Velisa Academy. Built practical experience in client support, problem solving, and delivering simple technology solutions.

System Support & Digital Assistance - Technospeak

2025 - 2026

Supported individuals and small businesses with system support, task assistance, and user-friendly digital guidance. Strengthened communication, troubleshooting, and service delivery skills as an early-career graduate.
